RS Honda
SENSING

HATCH YOUR WAY TO STYLE

The New Honda City Hatchback offers a winning combination of functional and stylish features.

Hatchback Body

New Front Bumper

New Rear Bumper

Side Sill Garnish

16" Berlina Black Alloy Wheels

Honda
SENSING

HATCH YOUR WAY TO SAFETY

The new City Hatchback with Honda SENSING—an advanced driver-assistance technology designed to make your driving experience safer and more comfortable.

CMBS

Collision Mitigation Braking System or CMBS helps to warn, mitigate collision, or lessen the severity of the frontal collision.

ACC

The Adaptive Cruise Control or ACC is perfect for long drives as it lessens your fatigue by maintaining the distance based on the car in front of you, braking and accelerating as needed.

LKAS

Lane Keeping Assist System or LKAS keeps the vehicle at the center of the visible road lanes and in the best driving position as it guides you to follow the flow of the road.

LCDN

Lead Car Departure Notification System or LCDN keeps you informed by alerting when the car in front you has moved ahead from a standstill.

AHB

Auto High-Beam or AHB turns on automatically in dark environments and automatically adjust for oncoming traffic.

RDM with LDW

Road Departure Mitigation or RDM provides audible and visual warnings for lane swerving without signaling, while Lane Departure Warning or LDW alerts you when veering off course, helping prevent collisions.
